Square

Integrate in living element, pour into artistic atmosphere, soul leaps for high-taster life, simplicity and serenity surges in tideway.

14

FEEL ART

Integrate in living element, pour into artistic atmosphere, soul leaps for high-taster life, simplicity and serenity surges in tideway.

15

Passion and inspiration makes an immortal masterpiece. Passion overflows and soul revives, which is the style of the Black Chevalier. The black art, natural and unrestrained, struggles to be free from the fetters, with its charm permeating.

16

18

ARTISTIC LINE

Since brief creed prevail in the sanitary design, the understanding of brief sanitary just like this: using the sample line and color, swathe the function of the modern bathroom, make the life more comfortable and ease.

NEW DESIGN

The style of modern and advance, which is the choice for the youngling, in the bathroom, whatever it's disposed with the pithiness, or with the originality, only the artful cleaning tools, can bring the brightness to the life.

The fashion shape interprets "Minimalist" of Italian original design, with a square appearance, able lines, and simple, fashion design style. "Round is from square", the new inspiration of models becomes fashionable all over the world.

CARING BY HEART

Our designer is endeavored to find a path balanced between elegance and personality. The idea is simple but not easy, elegance but not extravagance, nostalgia but not sorrow. Although bathroom is not alive, we have vitalized it with lots of stuff to be memorized.

VISUAL SENSE

The pursuit of top quality and visual experience, simple and plump lines, beautiful and detailed outline of life's simple classic bears the traces of Jishi Pu's. From one story to another story that can touch the timeless classics, and can not speak, can not be described, can not be determined, only a little reflection, the kind of aesthetic classic, noble and extraordinary.

Circular

Say goodbye to tedious heterogeneous, leaving the plain. Simple is to abandon but also to harvest. Simplicity let us return back to nature, and make us feeling inclusivity. If you know the meaning of simplicity by heart, it is not difficult to understand the implication of the saying "autumn comes with the falling leaves".

We are never tired of the details because simplicity is just like classics. Simplicity, famous for the delicate curves, and concision, famous for glass and metals, are both popular at present.

AESTHETICS

The elegant art of living is shown, the personalized way of life is publicized, and there is no incumbrance and burden, to release the flamboyance of life and bring about extreme simplicity. Behind the turned gorgeousness every time, the living minimalist is hidden.
